My dear Sir

I have but a moment to reply to yours of the 11th inst. as our mail boat of twice a week just comes and goes.

I am thankful for your kind help in distributing the flora. I don't exactly know what you mean by "These 5 I present myself" If you mean that you expect to pay for the copies that is not to be thought of.

Yours

I want, as soon as
materials reach me, to
get up a circular to
be sent broadcast over
my whole beat, and
you will greatly oblige
by keeping me posted
as to the opinions of the
Presp H - Send me what
you have to say in
Silliman - Glad to find
you have at last found
your Tongue for hitherto
to you have been as
shy as a Ripton trout
Ravenel is out in the
Charleston paper & in
De Bow's Review.

I do not now expect
to visit the North this
year unless on a flying
visit to N York in Oct.

Ever Yours
A.W. Chapman
